- Full color video and other electronic display panels
- Custom paint colors
- Up to 1,000 feet of data cable per cabinet for hardwired installations
- ScoreLink Wireless RF modem system for wireless communication (two receiver units required)
- Additional warranty and support plans

DIGITS / INDICATORS:

All digits for this model are 6 inches tall. Digits are formed from matrices of super-bright, long-lasting, energy-efficient LEDs (Light Emitting Diodes). Standard LED colors for this model are amber, red, and green. Our LED displays are protected by aluminum masks that allow the hard epoxy shells of the LEDs to be exposed for maximum viewing angles.
