Stall Bar With Extended Top Rail

by DRAPER

Specifications—Stall Bar With Extended Top Rail 502026

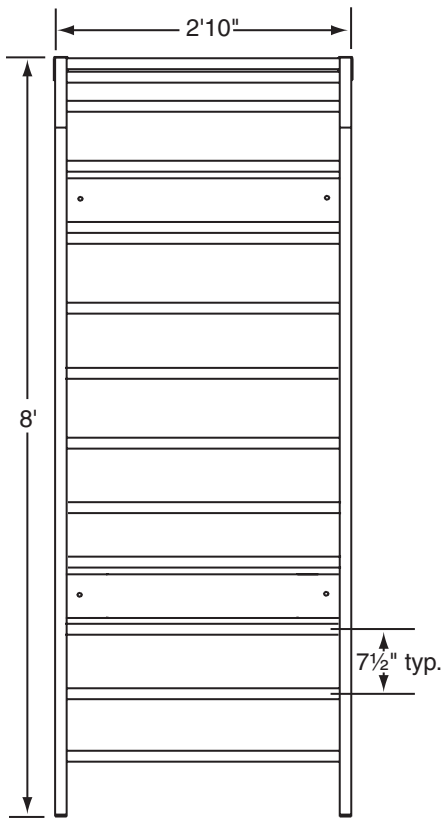

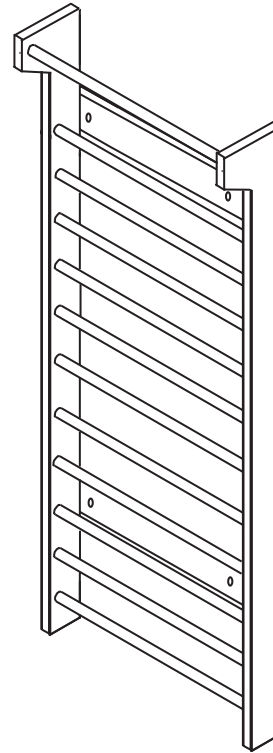

Product Description

Each stall bar section shall be 2'10" wide and 8' high, with the ability to be installed with other sections in a continuous row (specify number).

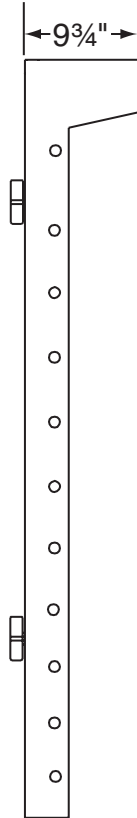

Each section shall have rungs of 1½" dia. solid oak, which will be secured to the uprights to prevent turning.

Rungs shall be finished with a clear lacquer. Unit weight 75 lbs.

Assembly hardware and mounting instructions shall be provided. Hardware for mounting wood pads to wall shall be provided by others to meet requirements for specific wall construction.
